"Thanks to SHORE's grant covering 2 months of rent, my parents transitioned to a new senior living facility. This has allowed me to confidently list their home for sale, given that their rent is now covered"

SHORE'S IMPACT

SUPPORTING A VETERAN'S JOURNEY

In supporting Melvin, a 98-year-old WWII veteran, and his wife Renee, 97, in transitioning into a senior living community, they faced overwhelming financial challenges despite careful planning. Renee's need for 24-hour care depleted their savings, including a reverse mortgage.

While obtaining their VA Aid & Attendance benefit, SHORE provided crucial relief by covering their benefit for two months. This ensured they could receive the necessary care and join their desired community without fear of financial strain.

Melvin and Renee's story highlights the significant difference made by SHORE's assistance, which was made possible through the generosity of our donors and supporters. It provides seniors with dignity and a sense of security during challenging transitions.
